

Fees that apply to the use of telehealth

The relevant gazetted fees and item numbers contained in ReturntoWorkSA's 'Medical fee schedule - Permanent Impairment services' also apply for completion of ISV medical assessments via telehealth. This schedule is available at <https://www.rtwsa.com/service-providers/provider-registration-and-payments/fee-schedules>

It is the responsibility of the AMP to decide whether to offer telehealth services, and incur any costs to facilitate the service. Claimant non-attendance, cancellations and reading time fees can apply for failed or postponed telehealth assessments.
